Natural & relaxed wedding photography by Jason Howard

Proud to be recommended by Ingleood Manor, Peckforton Castle, Nunsmere Hall, Rowton Hall, Grosvenor Pulford Hotel and many more of the finest wedding venues in the North West.

hello

I'm Jason and thank you for your interest in what I love to do. Back in 1988 I completed my first photography course whilst serving with the Royal Marines. I then had an awesome time filming and photographing white water rafting trips in Canada and Nepal. When I returned home in the late 90's it was back to school and I earned my degree. During this time, good friends of mine asked if I would be their wedding photographer. John & Lynette loved how I photographed their special day and the moments that I captured. I was hooked and soon after Jason Howard Photography was born.

Over 20 years and hundreds of amazing weddings later I'm loving more than ever being a wedding photographer. I've built great relationships with some of Cheshire's best wedding venues and I feel very humbled indeed to be invited by couples to capture the story of their very special day.

my style

My style and approach is very relaxed, natural and unobtrusive. Although I am a professional wedding photographer, I'd rather you feel that you're inviting an old friend to your wedding who just happens to have a really nice camera. Every wedding I capture is unique. So for me it's all about getting to know each other and going on the journey together. By the end of which you'll have stunning photographs that will tell the story of your day forever.

albums

There are many albums to choose from in today's market and it can be a little overwhelming at first deciding if you do want an album and if so which one. I always recommend to my couples to wait until you have seen your photographs and lived with them for a while, it's only then that you will really know how you would like them presenting.

I pride myself in the aftercare service I provide and we can always meet up and have a good look through all the options available after your big day. Below are just a few examples of various albums and storybooks I can design and create for you. Prices start from £250.

eternal

The eternal album range is known for being one of the finest in the world. The perfect fusion of classic handmade matted album pages and modern contemporary style pages. This luxury chic album is the ultimate way to present your wonderful wedding story.

kind words

Below are all the comments from the recent 2015 Wedding Industry Awards, Best Wedding Photographer Finalist for the North West. Yes, I really do love my job and yes, there was a tear or two when I read what my lovely bride & grooms had to say.

“Jason was a fantastic Photographer - on such a massive day in our lives and during nervous moments Jason brought a calm and friendly atmosphere. The photos he took were simply amazing, but the whole approach leading up to the day and the way he put us at ease during the wedding was what really stood out. We looked at a number of photographers and have links into the wedding industry previously - Jason is head and shoulders above the rest”

“From the moment we met Jason, we knew he was the perfect photographer for us. Patient, calm and unobtrusive, he put both ourselves and our guests totally at ease and captured some stunning images. Often we didn’t even realise he was taking the pictures and these are some of our favourite ones. Every time I look at the photos I am struck with how sensitively and skilfully he captured the essence of our day. He even took the trouble to source our first dance song for the DVD show reel. Thank you!”

“Jason didn’t just take our Wedding photos, he managed to capture every moment, every emotion & every feeling, he captured all of our memories that will last a life time. Because of Jason’s pure talent, we will always be able to look back on our wedding day, show it to generations of family, & give people a real feeling of the day. I get emotional every time I watch our video as it is so real and true to the day, it’s like getting married all over again! Jason gave us everything & more to what we wanted”

“I can not praise J enough! We had a great meeting before the wedding, walking around and finding out best pose & places for great images. On the day he reminded my hubby that he’d not got the rings!! (Thank you J!) and always put us to ease. Everyone at our wedding commented that he was not intrusive or loud and he just blended in to the wedding party. Always on hand to take unplanned photos, and captured our day perfectly! Aftercare was a dream- always in contact and so helpful. He’s brilliant!”

“Jason was fantastic during all aspects of our wedding, before hand, on the day and afterwards. He made us feel comfortable and at ease and that he had everything under control. We absolutely love our photographs and we do not hesitate to recommend his services to our family and friends.”

“From our first meeting Jay was so friendly and enthusiastic of us while building our day in pictures. Listening to our interests and likes to put together the kind of pictures we would like, and he delivered just that, they were fantastic. He just blended into our day with our guests, getting the best shots and our awesome sun set shot. We were blown away with the pictures and his professionalism, and would and have recommended him. Jay is wonderful at his job, making weddings last in pictures.”

“Jason from the moment we had our initial consultation was professional, friendly and put us to ease. Myself and my bridal party are not keen on having photos taken and with Jason we didn’t even know photos were being taken. They were relaxed and comments from our wedding party included “we didn’t even notice the photographer was there” and “he never got in the way”. Our photos are amazing as is the DVD with the photos set to music. All the music was perfectly chosen, songs we would have chosen.”

“We instantly knew we wanted to book Jason after meeting him at a wedding fayre, his passion for photography was so intense it was a joy to watch. We were not disappointed at all. Jason met us prior to the day to have a practise so that we felt relaxed on the day. The photos from our wedding day were better than what we dreamed of. A brilliant photographer and totally deserves the recognition this award could give!”

“We saw a couple of other Photography company’s, all they seem to be bothered about was what they wanted” but not what we wanted, it was more like a cost exercise. When we meet Jason at the Abode, it was like you were talking to a old friend which made us feel very relaxed, asking about what we wanted, it wasn’t about the money,”

“Excellent service very personal”

“Jason was absolutely fabulous on our wedding day and I would strongly recommend him to anyone looking for a photographer. His enthusiasm and passion towards his work was second to none and we couldn’t have asked for anything more on our special day.”

“If I could score higher than a 10 I would and if I could have my day all over again there would be without a shadow of a doubt I would use Jason again I will also highly recommend him not only was he our photographer on the day he turned out to be an absolute gem of a friend!!”

“If I could say 11/10 then I would. Absolutely brilliant photographer. We felt like he was part of the wedding party. Very professional, no pressures and let everything flow naturally. In addition to this the photo DVD and quality of the photos was way beyond our expectation.”

“Our chosen wedding venue recommended Jason to us and we were not at all disappointed. He was a joy to work with From the moment we met Jason we knew we wanted him to photograph our wedding. Jason has such a passion for photography, this combined with his Amazing sense of humour is an Award winning combination. We thoroughly enjoyed having him as part of our day. The finished photos brought tears to our eyes, we love all of them and Cant Thank Jason enough”

“Jason was fantastic from the moment we met him to this day. His understanding of what we wanted and his coverage on the day was perfect. Guests after the wedding said how fantastic he was and that he blended into to day. People would say “he was everywhere” and by doing this got all the natural shots we wanted. The attention to detail was fantastic. I have recommended him onto so many friends for their upcoming weddings. Value for money is very good considering the fantastic aftercare given.”

“Absolutely amazing photographer who really became a part of our special day. Even from the first email right up until he left the wedding reception he was so helpful and friendly!”

“Jason is a professional to the extreme and the quality of his work is second to none. My wife Rebecca and I had no idea of the huge variation in talent of individual photographers until we started to look for a photographer of our own. To be honest, Jason’s work makes the vast majority of other local photographers look amateurish in comparison and we couldn’t me more complimentary of his final product but also his ability to blend in, almost ghost-like, on the day. Top bloke, excellent work!”

“Jason’s service was exceptional in all aspects. At the first meeting he understood what we wanted, guiding us through how he’d fit into our day and help things run smoothly. He was always available. A pre-wedding shoot in the hotel grounds to familiarise us before the big day. Jason blended in, organised groups for photos efficiently and captured our wedding perfectly. Final result was incredible, a hand delivered DVD of pictures set to music from our day telling ‘Our Wedding Story’ beautifully.”
